

Reinstatement of 6.25 Percent Tax on Air Freight

Dear United Cargo Customer,

The U.S. government has passed legislation reinstating the 6.25 percent tax on the amount paid to transport cargo by air within the U.S.

In compliance with this action, subsidiary United Cargo and subsidiary Continental Cargo have resumed collection of the 6.25 percent tax on shipments transported within the contiguous U.S. and the previously applicable percentages on domestic shipments to or from Alaska or Hawaii. Tax is applicable on domestic U.S. shipments accepted on or after August 8, 2011.

Sincerely,

United Cargo
